

FROM YOUR CITY TO OURS

A city to city collaboration

London & Partners is the Mayor of London's official promotional agency for London and are the experts on doing business in the capital.

We are part of a global network of cities, that are collaborating to help businesses transition and grow from one destination to another.

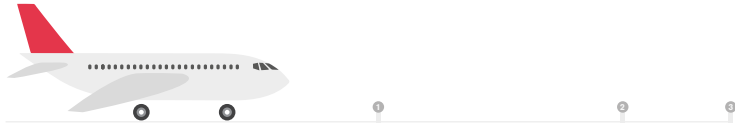

London & Partners can help your business to set up and grow in London, advising on every aspect of locating and doing business in our city, completely free of charge.

LONDON
& PARTNERS

SUPPORTED BY
MAYOR OF LONDON

Making landing easy

We understand the process of growing your business to a new destination and want to ensure that your transition to London is seamless.

Pre-arrival

Get in touch before you arrive in London and tell us what your objectives are so we can prepare your stay, including:

- Planning a personalised itinerary for your stay
- Introducing you to key networks before arrival
- Connecting you with a dedicated business development manager

Your stay in London

Your business development manager will be your main contact for your time in London, helping you to:

- Maximise your time and plans whilst exploring the city for your business
- Introducing you to workspace partners, commercial partners, mentors, business suppliers and key networks

When you land in London

When you are ready to officially grow your business in London, let us know your requirements so that your business development manager can help you get settled in the city by offering access to:

- Useful resources
- Networking opportunities
- Curated events
- A connected community

Accelerating your growth plans

We believe providing businesses with an ecosystem that connects them with high value mentors, investors, corporates and a support structure will help them succeed in growing their business from one destination to another.

Our ongoing business support will include access to:

- A large pool of dedicated, quality mentors with years of experience in training & developing people and growing businesses
- VC and angel investors able to support and invest in businesses
- A multitude of resources including access to free or discounted workspace areas
