

COHORT 9

Aceleron
Amrit Chandan
@PAceleron

Aceleron is an emerging clean-tech startup in the realms of waste management and technology development. Its vision is to accelerate access to energy storage by transforming end of life lithium batteries such as those found in electric vehicles into safe cost effective energy storage for developing regions.

Akoni
Felicia Meyerowitz Singh
@akonihub

With interest rates changing all the time, you don't have the time or access to secure the best rates every time the market moves. Akoni ensures your cash is always earning the best possible rates through our bank integrations and rebalancing your accounts without the hard work from you.

Akkroo
Chris Wickson
@Akkroo

Akkroo is a SaaS enabled Event Lead Capture solution built for B2B organisations that regularly exhibit at trade shows and exhibitions. Launched in 2013, Akkroo is on a mission to transform the way businesses think about exhibiting at events, lead capture and ROI.

Assemble
Paloma Strelitz
@palomastrelitz

Assemble is a multi-disciplinary collective working across architecture, design and art. They take a hands on, collaborative approach, and whilst their work usually includes design it rarely starts or ends there, often employing a range of means from the social to the infrastructural to make spaces which enable independence; self-authorship, creativity and difference.

Bink

Greg Gormley
@HelloBink

Bink links all your payment cards to your loyalty cards through a secure app with the latest technology meaning that as a shopper you never miss out on your loyalty points and awards again (and you don't need to carry around anymore plastic loyalty cards!), you just shop with your registered payment cards and Bink does the rest.

City Transfers UK

Davide Machado
@citytransfersuk

London's premier airport transfer provider and Ground Handler to the Leisure industry. All of City Transfers UK transport services are supported by state of the art despatch and tracking systems. City Transfers provides free 24-hour support to both our clients and end travellers.

Charlotte Pearce
@inkpact

At Inkpact it's our mission to bring the head and the heart of business together, to scale thoughtfulness, create wow moments, truly connect brands with their customers and get mind blowing results.

Harley Therapy Ltd

Sheri Jacobson
@HarleyTherapy

HarleyTherapy.com allows anyone to find and book a great therapist, either online, by phone or face-to-face in the UK. With algorithms and machine learning powering a better client experience, and data driving improved service delivery, they are helping to revolutionise the mental health sector.

iwoca
Christoph Rieche
@iwoca

iwoca offers flexible credit to small businesses across Europe, allowing them to take advantage of opportunities previously only available to their larger peers. From placing larger stock orders to bridging cashflow gaps, finance helps power our customer's growth.

Landmrk
Seth Jackson
@Landmrk

Landmrk is a location based experiences platform built on the mobile web. It has been described as the Pokemon Go for branded content. The platform is used by multiple industries from travel and tourism to entertainment and retail to deliver digital scale to experiential marketing.

Loowatt
Virginia Gardiner
@loowatt

Loowatt is a UK limited company that makes waterless flush toilets and sanitation solutions. We create physical, emotional and environmental wellbeing through waterless sanitation. Wherever there is a need for non-sewered toilets, people deserve a clean, safe, and desirable experience. Chemical toilets, bucket toilets, and pit latrines are make do answers that just won't do. Loowatt provides waterless flush toilets for homes and pop-up locations everywhere.

Luther Systems
Hossein Kakavand
@LutherSystems

Luther Systems is working with multiple corporations to streamline and improve the efficiency, reliability, and integrity of enterprise processes. Our products deliver superior performance while reducing costs to our clients.

**MedShr**

Asif Qasim
@medshronline

Developed by doctors, MedShr is the easiest and safest way for medical professionals to discover, discuss and share clinical cases and medical images.

**Motivii**

Alan Wanders
@getmotivii

Motivii encourages employees to better manage themselves and provides regular feedback through a simple end of week update. The feedback process generates real-time people insights across whole organisations and allows people departments to better understand the 'pulse' of their company on a more frequent basis.

**Mypinpad**

David Poole
@myPINpad

MYPINPAD is a technology provider of multi-factor authentication solutions for unsecured touchscreen devices such as mobile phones and tablets.

**Satalia**

Daniel Hulme
@SataliaSolves

We push the boundaries of data science, optimisation and artificial intelligence to solve the most difficult problems in industry.

Park Technology

Rosie Swaine

Park Technology delivers unique loyalty and experiences for brands and retailers. Customers of brands and retailers expect mobile experiences that are personalised to them and not just transactional. Our Magic Stamp - a small piece of hardware that works through capacitive touch - enables brands and retailers to identify, understand and engage with their customers, as well as providing a unique experience.

Playmob

Jude Ower
@playmob

Playmob is a phil-tech platform connecting brands and NGO's to gaming audiences through interactive content, communicating purpose-driven stories and delivering real-world impact. Our campaigns always give back and we track social impact as well as commercial results, so that everyone in the value chain benefits — our clients, their customers and those in need.

Preloaded

Jessica Taylor
@Preloaded

Preloaded is a full-service games studio, using the power of play to reinvent the way organisations connect with their audiences. Collaborating with ambitious partners, such as LEGO, Tate, Google, HTC VIVE, BBC and the Science Museum, we make games and immersive experiences that have purpose, and that place the user at the center of the design process.

PRgloo Limited

Samantha Deeks

Uuni

Darina Garland
@UuniHQ

Uuni is leading a revolution in outdoor cooking. Uuni launched the world's first portable wood-fired oven in 2012. Before Uuni wood-fired ovens were bulky and very expensive. The portable Uuni is priced at just \$299 enabling customers all over the world to cook exceptional food outdoors. Uuni ovens heat up to 932°F/500°C in just 10 minutes- meaning that they allow you to cook pizza in just 60 seconds!

VChain

Irra Khi
@VChainTech

VChain Technology was started in London 2 years ago by Irra Ariella Khi and Alexander Gorelik. VChain stands for 'Verification on Blockchain', its proprietary technology is based on multiple patents in the US and Europe, and enables secure validation of data without exposing the sensitive information it's based on.

Wazoku

Simon Hill
@WazokuHq

Wazoku is a high-growth B2B software as a service vendor. The business services global blue chip and mid-market clients with a suite of tools to help manage ideas across a broad innovation portfolio. Its market leading idea management solution, Idea Spotlight, offers a unique innovation operating system, which supports a variety of different applications through add-on innovation launchpads.

Zego

Emily Davies
@Zegocover

Zego offers flexible pay-as-you-go insurance for the gig economy. All car, bike and scooter drivers are required by law to be insured for the periods that they are delivering, but the expense and difficulty of buying a policy can be a sticking point in signing up new drivers, as until now there have only been annual policies available. Zego believes that insurance must adapt to the new ways of working where many people only want to work for a few hours or days a week, around their other commitments or interests.
